Applicant's arguments filed August 3, 2005 have been fully considered and are persuasive.

Allowable Subject Matter

Claims 20-38 are allowed (renumbered as 1-19, respectively).

The following is an examiner's statement of reasons for allowance: The closest reference, Eyuboglu et al. (US 6,781,999), is generally concerned with sending multicast information to appropriate sectors (col. 11, lines 49-56). However, Eyuboglu does not disclose receiving a multicast-join message by a BTS or BSC, and at the BTS or BSC adding to the multicast-join message an indication of which cell sector is currently serving the mobile station.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
